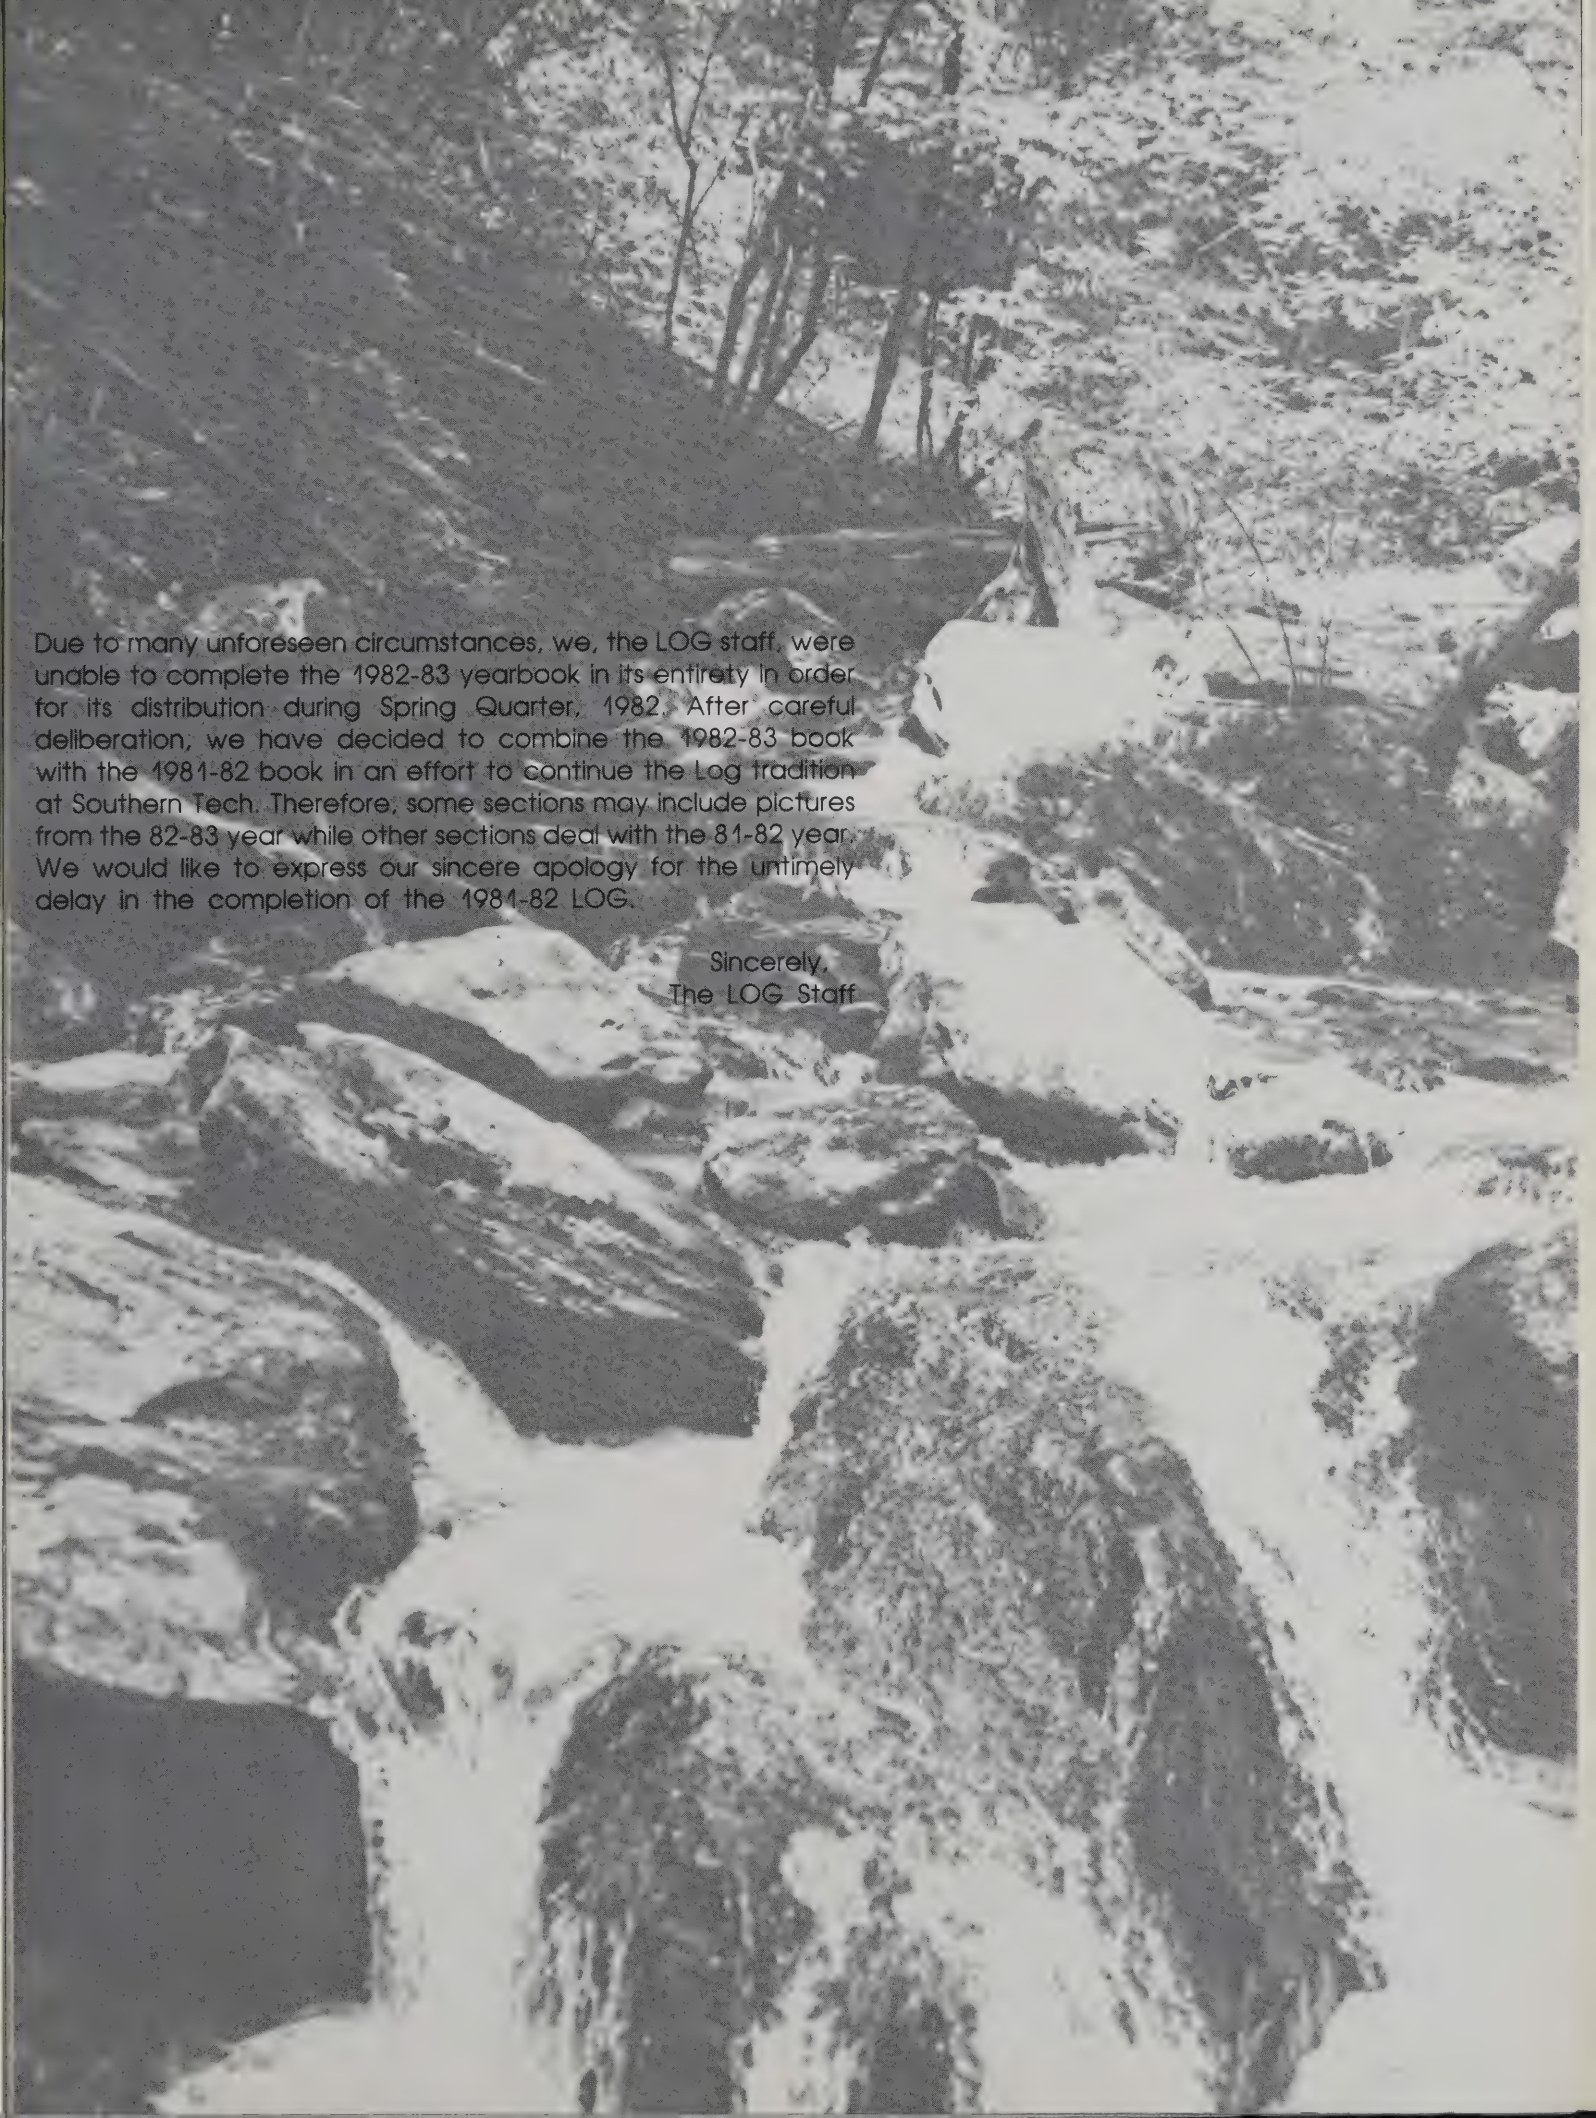
ECTR
SOUTHERN TECH



Due to many unforeseen circumstances, we, the LOG staff, were unable to complete the 1982-83 yearbook in its entirety in order for its distribution during Spring Quarter, 1982. After careful deliberation, we have decided to combine the 1982-83 book with the 1981-82 book in an effort to continue the Log tradition at Southern Tech. Therefore, some sections may include pictures from the 82-83 year while other sections deal with the 81-82 year. We would like to express our sincere apology for the untimely delay in the completion of the 1981-82 LOG.

Sincerely,
The LOG Staff

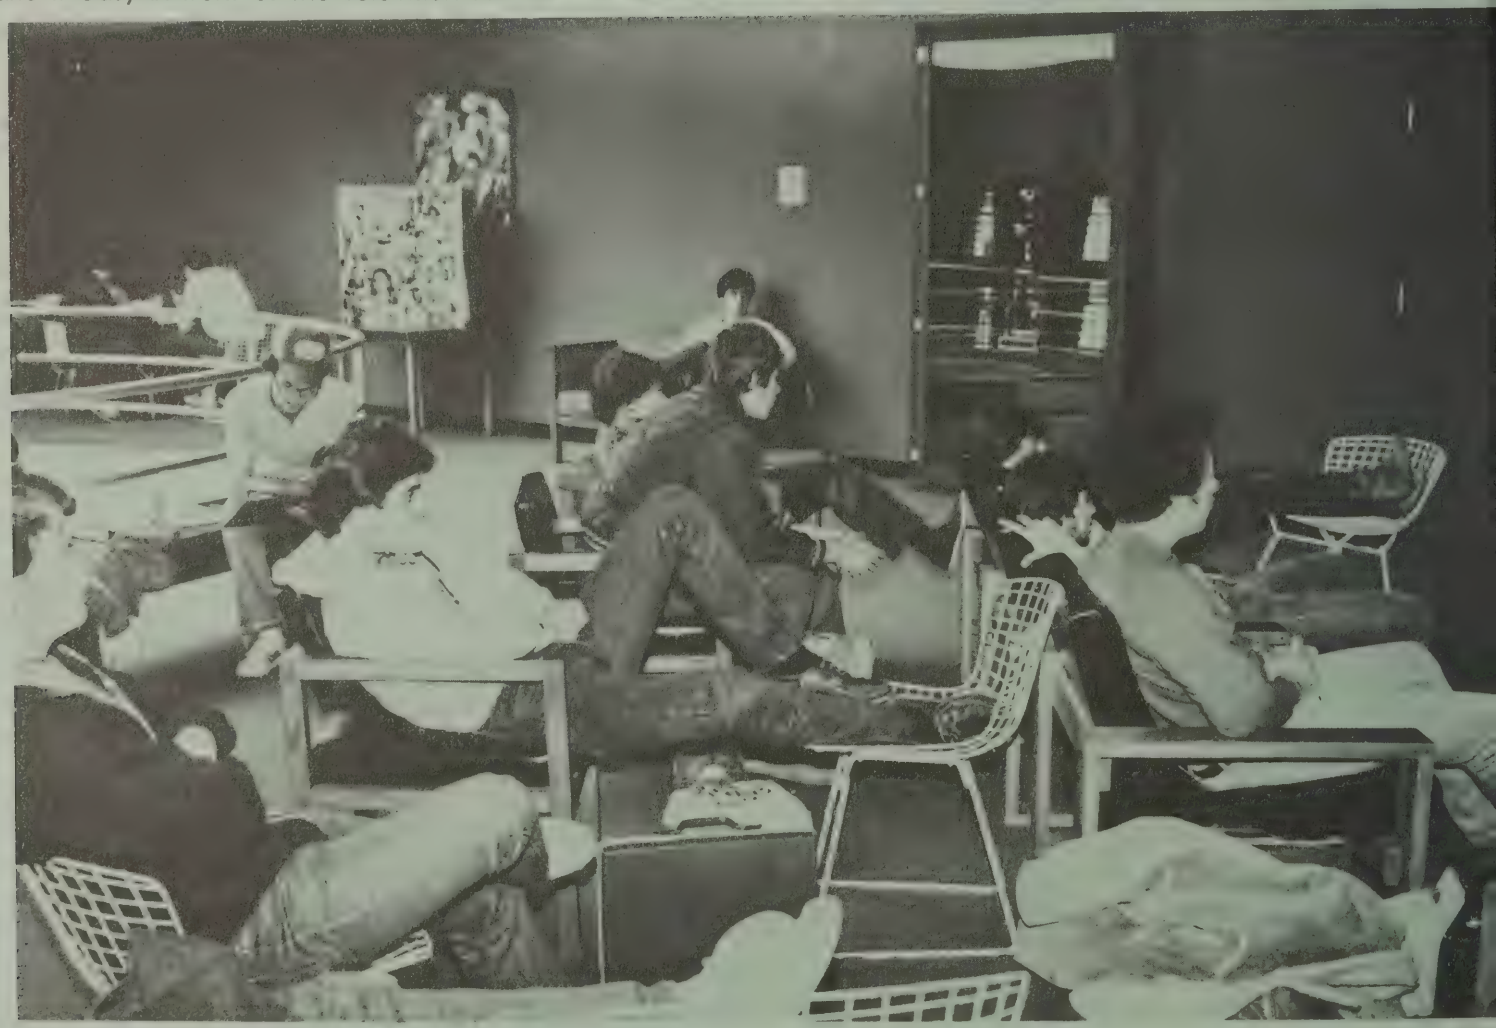
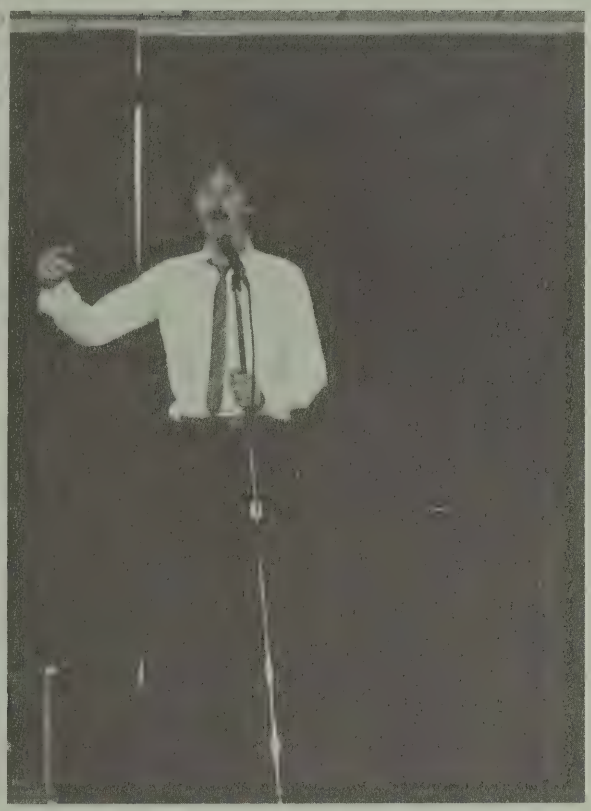
At Southern Tech,
When we study, we study hard.
When we play, we play hard.
In this section we will try to show a few aspects of the world at Southern Tech
— hard study and hard play . . .

WORLD OF SOU. TECH

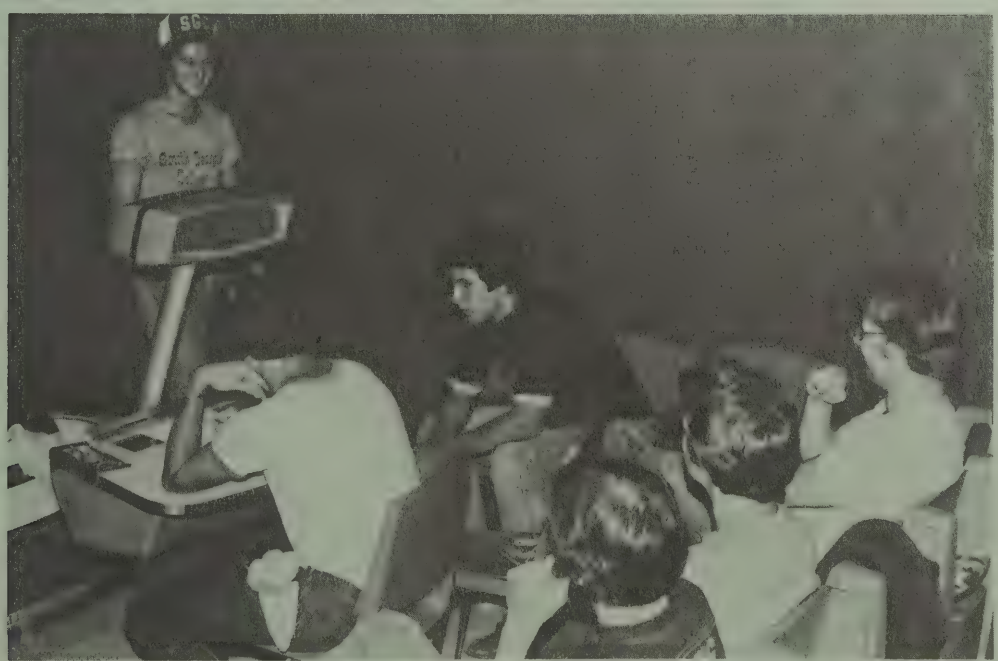
. . Students are always studying. Sometimes finding out of the way places, but sometimes you just need to relax and take it easy in front of the television . . .





. . . Every year the students at Southern Tech hold a talent show, or lack thereof. Sometimes even the faculty get into the fun . . .

. . . Everybody has something that they'd rather be doing. Whether it be studying, talking to others, or on the phone . . .



. . . Intramural sports are very popular on campus. The activities gave everyone a chance to let off steam and forget about classes for a while . . .

. . . Southern Tech's Goat Night is always a series of physical events and it pits groups of students vs. other groups. No matter what the outcome is, everybody has a good time . . .

. . . Southern Tech's first annual Beach Party featuring Doug Clark & the Hotnuts was TOTALLY AWESOME to say the least. It seemed that everybody at the school came out to have some fun in the sun . . .

In the spring everyone goes outdoors to enjoy some fine entertainment presented by the CAB. Here students enjoy Locomotion Vaudeville.

The 1982 Southern Tech Baseball team finished the season with a record of 28 wins and 15 losses. Seven of the losses were by one run which indicates how close the team came to having a really outstanding season. The lack of depth on the pitching staff hurt the team throughout the season. With several experienced players returning plus the addition of several new pitching prospects, the Hornets are determined to return to the District 25 Play-offs in 1983.

In the 1981-82 season, Southern Tech's Runnin' Hornets won their 5th straight District 25 title. They were led by Billy Bromell and Baxter Thomas who both joined the Thousand Point Club with Billy being named Co-District player of the year and Honorable Mention All-American for the second straight year. High jumping center Ricky Hudson led the entire NAIA in Field Goal Percentage with 70.1% and was also named Honorable Mention All-American. All-in-all the Hornet's held their own against the toughest schedule in school history. To end a great season, the Hornet's went to Kansas City to play in the NAIA national tournament where they were put out in overtime in the second round by Saginaw Valley 67-61.

BUILD YOUR CAREER TODAY, MAKING ENERGY FOR TOMORROW

At Georgia Power Company, we're providing electricity every day for the growing needs of our customers.

Survival and progress in life's endeavors depend on reliable, efficient energy. Our need for growth can expand your own professional opportunities.

We're constantly looking for ways to improve the use of energy — creating solar heating and cooling systems, electronic load-management devices, innovative time-of-day rate structures, electric commuter cars. It's a necessary and vital struggle.

The serious problems of energy supply and efficient energy use demand the best minds we can muster, right now and for future problem-solving.

AMERICAN BUILDINGS

American Buildings Company, major manufacturer of engineered metal building systems, is known nationwide for its quality structures which are specified for commercial, industrial, recreational, institutional, and agricultural projects.

ABC has grown to encompass five plants, serving a network of 670 independent Builders. American's remarkable success is based on inherent cost coupled with state of the art structural and design advantages. Savings in energy consumption and significant reductions in initial construction costs have moved American Buildings to the forefront in meeting the dynamic needs of low rise construction.

Most importantly, American attributes its success to the people that made it happen – intelligent, creative, and loyal people who believe that it takes the best to be an American!

IT TAKES THE BEST TO BE AN AMERICAN!

GEORGIA ARMY
NATIONAL GUARD

The National Guard, or militia, was first formed in 1636 and protected the colonies against Indians, pirates and intruders from other nations. The first call to national active duty was in 1775 during our fight for independence. Throughout the next 200 years, the National Guard was called on ten times to fight for our country.

In addition, guards men and women have been activated to protect life and property during natural disasters here at home. Unlike any other reserve force, the National Guard may be called upon by the Governor of each state when the situation warrants.

We who serve in the Georgia Army National Guard are proud to be a part of this fine tradition and encourage everyone to inquire into the possibilities of serving your State and Country by becoming a citizen-soldier.

For further information write or visit the Recruiting Office:
